DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Cancel Claims 12-19.

Applicants did not distinctly and specifically point out the supposed errors in the restriction requirement, and therefore the election has been treated as an election without traverse (MPEP § 818.03(a)). Accordingly, the non elected claims have been cancelled without Applicants' authorization.

Allowable Subject Matter

Claims 1-11, 20-22 and 24-26 are allowed.

The following is an examiner's statement of reasons for allowance: The closest art known to the Examiner is listed on the PTO 892 and IDS forms of record. None of the references anticipate or make obvious, *inter alia*, heating a wire to a wire temperature; supplying silane, ammonia, and hydrogen gases to the heating member, wherein excess hydrogen is supplied in an amount sufficient to form a substantially 100 % conformal silicon nitride film on the substrate, wherein the conformal silicon nitride

film has a highly uniform thickness providing about 100% step coverage, as required by the present claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
